

Advance with New 1-Hour Workforce Training Courses for Only \$15 Each!

The NEA Academy is excited to offer [68 new Workforce Training courses](#) structured to help educators and ESPs obtain skills and training to "take you where you need to go" in your career development. These courses, made possible through our new partnership with Idaho State University (ISU), allow participants to accumulate course time to **earn graduate credit***!

Looking for a new skill or a better way to reach your students? Check out some of the new course titles:

- [Harry Potter in Translation to Teach International Languages](#)
- [Microsoft PowerPoint & Word](#)
- [Google Earth in the Classroom](#)

Fast and convenient — most courses only take an hour and give you 30 days to review the materials online whenever you want!

NEA Members Receive 25% OFF - That's only \$15 per course!

Select a topic below to find a course that is right for you:

- [Language Teaching and Digital Storytelling](#)
- [Using Microsoft & Other Computer Programs](#)
- [Education Trends & Techniques](#)
- [Online Resources for Grades K-12](#)
- [Internet Research & Social Media](#)
- [Google Education Opportunities](#)

For more information on the Idaho State University – Workforce Training courses offered through the NEA Academy, please visit: www.neaacademy.org/isuworkforcetraining

*Any 16 clock hours of ISU approved/provided technology integration training can be accumulated to earn one (1) graduate/PD credit and is included in the course cost. Participants can earn up to three (3) PD credits each semester. Please check with your district/state if professional development graduate credit issued from Idaho State University, College of Education is accepted for recertification or salary movement.
