

Build Your Career – Earn a Secondary Certification in Math or Science with WGU

Become a better teacher, expand the breadth of your instruction knowledge, and enhance your research skills with a secondary certification in the high-demand fields of math and science. The M.A. in Mathematics or Science Education degrees from online, nonprofit Western Governors University (WGU), an NEA Academy partner, are NCATE-accredited programs designed to boost your credentials and your education expertise.

As an NEA member, you are eligible to receive special benefits in addition to already low tuition rates, unmatched personal support, and NCATE-accredited online teaching degree programs. Your special NEA member-only benefits include:

- \$65 application fee waiver
- 5% tuition discount
- Eligibility to apply for a \$2,400 WGU-NEA Academy Partner Scholarship

Learn on your schedule and within your budget at WGU!

For information about the WGU bachelor's or master's degree programs, tuition discounts, and scholarship opportunities, please visit: www.neacademy.org/westerngovernors
